Dear Dr. XXXX:

I am writing this letter in support of your grant submission titled, "Optimizing Psychosocial Treatments for Hoarding Disorder". I agree to fully cooperate with you with regard to the management of subject data. StudyTRAX® will be the database repository for this study. StudyTRAX has been used as a data repository for numerous NIH sponsored research projects and contains multiple levels of security to ensure HIPAA compliance and appropriate user access (access control, audit control, data integrity, user authentication, and transmission security). As we discussed, I will assist with the effort to setup and deploy the StudyTRAX system in accordance with your study requirements and to ensure all data sets are de-identified as defined in the HIPAA privacy regulation 45 C.F.R. §164.514 (b)(2).

I look forward to working with you.

Sincerely,

John Putzke, Ph.D., M.S.P.H.
